Kids Survival is a crash course in the skills needed to keep your young ones safe and confident in any survival situation. The things learned in these courses can be applied in your child’s everyday lives and prepare them for the unexpected. We touch on trip preparation, our bodies’ needs, what to do if lost, shelter building, wilderness water and food, hiking with awareness, and how to be found. The teens will learn how to start a fire with flint and steel. Students should be dressed to spend two and a half hours outside. Water and snacks are recommended. (Ages 6-11) Instructed by Dora and Danny Kibbee

Faculty: DANNY KIBBEE - Survival instructor specializing in training children and teens to survive in any environment.

- (Ages 6-11)
- You will be going outside.
- Please dress for the weather with layers, waterproof boots, sunscreen and a hat.
