2019-2020 schedule
Welcome to Santa Fe

Santa Fe is unlike any other destination in the country, and in fact, is nicknamed “The City Different.” There is a colorful, international-style charm about Santa Fe that has attracted people for over 400 years. It is the oldest capital city in the United States and is unique in the blending of Native American, Hispanic, and Anglo cultures. The center of town is the Plaza, a tree-lined park surrounded by shops and historic churches, much like in traditional European cities.

Setting/Climate – Santa Fe is a place of enchanting beauty, set at 7,000 feet in the Rocky Mountain foothills. It has indescribable blue skies and boasts over 300 days of sunshine each year. As you experience its pure light, and feel its positive energy, you’ll understand why this city has attracted so many artists over the years and become an international art center. Daytime temperatures range from 70-80°F.

Art/Food/Culture – Despite its small population of 80,000 residents, Santa Fe overflows with world-renowned cuisine, art, and culture. Stroll the adobe-lined streets that feature over 250 art galleries, countless restaurants, and noted music, theater, and dance performances. Santa Fe is a city of museums including The Georgia O’Keeffe Museum, The International Folk Art Museum, and several that focus on indigenous history and culture.

Shopping – Santa Fe is a well-known shopper’s paradise. Much of the merchandise is made in Santa Fe and the Southwest, including art, specialty food products, clothing, jewelry, woven and leather goods, pottery, and furniture.

Indian Pueblos – Be sure to visit some of the nearby Indian Pueblos, among the oldest communities in America. Attend ceremonial dances and experience the rich art and culture that has endured for several hundred years.

Recreation Near Santa Fe

To enhance your experience during your week in Santa Fe, a variety of activities can be enjoyed individually or as a family. More information can be found at wilderness-medicine.com.

Regional Excursions – Santa Fe is a natural base for excursions into northern New Mexico. The surrounding area is brimming with wilderness recreation, and hundreds of sites from early American cultures — including Pecos National Historic Park, the Puye Cliff Dwellings, and Taos Pueblo (pictured).

Rafting – The most popular trip on the Rio Grande is the nearby ½ day “Racecourse”. Exciting class II & III rapids in a spectacular canyon - ideal for both first-time and experienced paddlers.

Hiking – Bandelier National Monument - The park harbors Anasazi (early Pueblo Indian) ruins and cliff dwellings among deep canyons and cliffs on the edge of one of the largest inactive volcanoes in the world. The renowned Tent Rocks National Monument offers stunning rock formations and scenery.
PROGRAM OBJECTIVES

• Identify prevention and treatment of altitude illness based on an understanding of the underlying physiology
• Recognize and properly manage frostbite in the field
• Identify and treat hypothermia in the field
• Identify fracture and dislocation in the wilderness
• Identify the pathophysiology and treatment of heat-related illness

Target Audience:
Primary care physicians, nurses, physician assistants, and other health care providers who might encounter patients in remote settings or who may treat patients that develop medical problems after visiting remote areas. No outside commercial support has been received for this activity.

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Center for Emergency Medical Education (CEME) and Wilderness and Travel Medicine, LLC. The Center for Emergency Medical Education (CEME) is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation: The Center for Emergency Medical Education (CEME) designates this live activity for a maximum of 47.50 AMA PRA Category 1 Credits™ (Main Conference: 24.0, Global Health Symposium: 8.0, AWEP Workshop: 15.5, Wound Management Workshop 2.0). Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is anticipated to offer up to 47.50 hours of AOA Category 2-A CME credit, pending approval by the AOA.

Disclosure: It is the policy of Center for Emergency Medical Education (CEME) to ensure balance, independence, objectivity, and scientific rigor in all its sponsored educational activities, and that all contributors present information in an objective, unbiased manner without endorsement or criticism of specific products or services and that the relationships that contributors disclose will not influence their contributions. Those in a position to control the content of this educational activity are required to disclose to learners all relevant financial relationships with any commercial interests prior to the beginning of the educational activity.

Resolution of Conflicts of Interest: In accordance with the ACCME Standards for Commercial Support of CME, the Center for Emergency Medical Education implemented mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

AAFP: Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

ACEP: Application for CME credit has been filed with the American College of Emergency Physicians. Determination of credit is pending.

Nurse Credit: Under the new BRN guidelines, this course is also accredited for up to 47.50 hours of nursing credit.

Physician Assistants: The American Association of Physician Assistants accepts Category 1 CME approval from organizations accredited by the ACCME.
THE PROGRAM

Wednesday, May 29, 2019

5:00-7:00 pm Registration
7:00 pm Wilderness Medicine: Setting the Stage
Kyle Allred, PA-C
7:15 pm Altitude Illness - Updates in Prevention & Treatment
Howard Donner, MD
8:05 pm Environmental Heat Emergencies - Recognition & Treatment
Eric A. Weiss, MD
8:45 pm Special Evening Program (Guests Welcome)
From War-zones to Hurricane Relief - Frontiers in Humanitarian Medicine
Michael J. VanRooyen, MD

Thursday, May 30, 2019

6:30 am Late Registration / Continental Breakfast / Exhibits
7:30 am “Learn to Return” - Survive an Unplanned Night in the Wilderness
Brian Horner
8:20 am Hypothermia: New Guidelines & Key Recommendations
Eric A. Weiss, MD
9:05 am Snake Envenomations
Timothy B. Erickson, MD
9:55 am Break
10:10 am Wilderness “911” - Remote Trauma Management & Improvised Care
Eric A. Weiss, MD
10:55 am Wilderness Dermatology - Key Findings & Prevention
Jeri Mendelson, MD
11:40 am Medical-Legal Issues in Remote Medical Care - Avoiding Lawsuits
Valerie Dobiesz, MD
12:25 pm Free Time - Enjoy Santa Fe (see recreation)
or Attend an Optional Workshop
7:00 pm Dessert Reception
8:00 pm Special Evening Program (Guests Welcome)
The Expedition & Travel Medical Kit - From the Tropics to the Tundra. What’s Common & What Works!
Howard Donner, MD
The Program

Friday, May 31, 2019

All presentations will be at the Santa Fe Convention Center. Time, topics and speakers may vary somewhat from published brochure and syllabus.
FROSTBITE & COLD INJURY - PREVENTION & FIELD TREATMENT: A review of a spectrum of cold-related injuries including frostnip, chilblains, Raynaud’s, and frostbite. Howard Donner, MD

STAYING FOUND UPDATE ON CURRENT RESCUE TECHNOLOGY: Life-saving technologies for communication and signaling for help in remote environments. Howard Donner, MD

OCEAN SURVIVAL: Survival at sea requires a set of skills and equipment often familiar to the land-based survivalist. This presentation reviews a spectrum of ocean survival situations, preparation, & equipment. Sheryl Olson, RN

FRACTURE, SPRAINS & DISLOCATION MANAGEMENT: Methods for recognizing, reducing, and splinting fractures and dislocations in the backcountry will be demonstrated. Joe Serra, MD

HANDS-ON ASSESSMENT OF COMMON HIKING & SKI INJURIES: Learn techniques for the assessment and stabilization of common injuries including the wrist, knee, and ankle. Lanny Johnson, FNP/PAA

BACKCOUNTRY WATER DISINFECTION / PURIFICATION: A review of chemical, filtration, and natural water disinfection techniques. Important for health care professionals in wilderness environments and the developing world. Howard Donner, MD

LIGHTNING STRIKES! PREVENTION, TREATMENT, & UPDATES: Many myths and misconceptions exist about lightning. Learn how to lessen your chances of being struck and how to treat lightning injuries. Sheryl Olson, RN

ASSESSMENT AND IMPROVED TREATMENT AND PACKAGING OF TRAUMA PATIENTS: Participants will practice utilizing improvised and specialized rescue equipment to splint, stabilize, and transport trauma patients. Carl Gilmore, WEMT

WILDERNESS WISDOM FOR WOMEN: In the backcountry, women often have different needs and concerns than men. Learn strategies for packing light, personal safety, and other unique needs of a woman traveling in the wilderness or a foreign country. Sheryl Olson, RN

WILDERNESS EYE CARE AND EMERGENCIES: Learn strategies to avoid and treat common eye problems that have the potential to be “trip enders”… or worse. Matt Oliva, MD

HELP! HELICOPTER SAFETY, MANAGEMENT, & RISK ASSESSMENT: A former flight nurse for over 18 years covers what you should know about helicopters before calling for one. Learn practical ways to maximize the effectiveness & safety of air transport. Sheryl Olson, RN

ERIC A. WEISS, MD, FACEP: Professor of Emergency Medicine (Emeritus), Stanford University School of Medicine, Founder and former Director, Stanford University Wilderness Medicine Fellowship; Author of A Comprehensive Guide to Wilderness and Travel Medicine and Editor of Wilderness & Environmental Medicine in the 2017 Clinics of North America.

VALERIE DOBIESZ, MD, FACEP: Director of External Programs: STRATUS Center for Medical Simulation, Department of Emergency Medicine, Brigham & Women’s Hospital; Harvard Medical School, Harvard Humanitarian Initiative

HOWARD J. DONNER, MD: Member 1997 NOVA Everest Expedition; NASA consultant; expedition physician, 1988 Kangchenjunga (28,121’) Expedition; Medical Officer, Denali Medical Research Project; Co-author of Field Guide to Wilderness Medicine.

TIMOTHY B. ERICKSON, MD, FACEP, FACMT, FAACT: Chief, Division of Medical Toxicology, Department of Emergency Medicine, Brigham and Women’s Hospital; Harvard Medical School, Harvard Humanitarian Initiative

LANNY JOHNSON, FNP/PAA: Medical director for Jackson Hole Ski Patrol; mountaineering guide for over 20 years; former climbing park ranger and medical advisor, Grand Teton National Park

JERI MENDELSON, MD: Associate Clinical Professor, Division of International Ophthalmology, Oregon Health Sciences University; Board Member, Himalayan Cataract Project; Assistant Medical Director, SightLife Eye Bank which focuses on international eye care training, infrastructure development, and eradication of treatable blindness.

VALERIE DOBIEZ, MD, FACEP

ERIC A. WEISS, MD, FACEP

JOSEPH B. SERRA, MD

SUCCESSFUL ADVENTURE: EXPLORE WITH OUR WORLD-CLASS FACULTY
The optional workshops listed below are offered in conjunction with the conference to enhance your experience. Please note that these workshops are separate from the course workshops which are included in your tuition on Sunday, June 2.

**Urban Survival Workshop:** A detailed and practical session on survival skills for the urban environment. Topics include: being taken hostage, protecting your family, surviving aircraft crashes, surviving an earthquake, and equipment/supplies used for disaster management. Thursday, May 30, 1:00 - 5:00 pm. $75 Faculty: Brian Horner

**Ropes and Knots for Wilderness Medicine and Rescue:** This workshop will teach you how to use ropes and tie knots for high angle rescue, swift water rescue, and improvised medical care. Thursday, May 30, 1:30 - 3:30 pm. $50 Faculty: Carl Gilmore

**Obstetrics In Remote Environments:** Using manikin-based simulation, learn and practice management of normal and complicated deliveries in remote settings, including shoulder dystocia, breech delivery, eclampsia, postpartum hemorrhage and multiple gestation. Thursday, May 30, 2:00 - 4:00 PM Faculty: Valerie Dobiesz, MD. $60

**Fire Building for Survival:** From stoves to friction, to using the sun! This workshop gives participants hands-on experience in generating heat in every emergency and every environment. Survival expert Brian Horner takes students outdoors and concentrates on actively allowing practice building fires from the ground up. Friday, May 31, 1:00 - 5:00 pm. $75 Faculty: Brian Horner

**Tracking Workshop:** Learn the lost art of tracking and the ability to notice subtle disturbances in the environment left behind by others (called sign cutting). These skills are fun to learn and can be life-saving — for finding lost persons and getting out of trouble. Friday, May 31 or Saturday, June 1, 1:00 - 4:30 pm. $75 Faculty: Scott Kuipers

**Wilderness Wound Management:** A practical workshop on cleaning and suturing a laceration in a non-sterile environment. Participants will have the opportunity to practice suturing, stapling, taping, and tissue gluing techniques on pig limbs. All supplies provided. Saturday, June 1, 3:30 - 5:30 pm. $60 - 2 additional AMA PRA Category 1 Credits™ Faculty: Lanny Johnson PA-C

**Humanitarian Medicine - Volunteering And Staying Healthy Abroad:** Explore the possibilities of using your medical degree to volunteer abroad! Learn skills and resources to implement and participate in humanitarian medicine. Saturday, June 1, 1:30 - 4:30 pm. Faculty: Phil Rasori MD, Ari Rasori-Allred, FNP $60

**Outdoor Photography Seminar**

In two intensive half-day sessions, Nevada Wier, an award-winning National Geographic photographer, will combine lectures and outdoor demonstrations. Learn how to combine technical, practical and creative aspects of travel photography to get images that elevate above the usual travel clichés. Training includes how to photograph all hours of the day, and in all elemental and lighting conditions. Thursday, May 30 and Friday, May 31, 1:00 – 4:00 pm Faculty: Nevada Wier. $75

**Optional “HandS-On” Workshops**

**Advanced Wilderness & Expedition Provider**

**Optional Course leading to AWEP Certification™**

Advanced level intensive and hands-on training taught by leaders in Wilderness Medicine including, Howard Donner, MD, Sheryl Olson, RN/BSN, Eric Weiss, MD, and Larry Moore, MD. Students will learn practical techniques and practice them in mock scenarios. Successful completion of course leads to AWEP Certification™.

Thur, 1:30 – 5:30 pm
Fri, 1:30 – 5:30 pm
Sat, 1:30 – 5:30 pm
Sun, 1:30 – 6:30 pm

Course tuition: $495

Includes 15.5 additional AMA PRA Category 1 Credits™

all supplies, syllabus, breakfast, patch, and certificate.
Symposium on Global Health / Humanitarian Medicine Schedule

Co-Sponsored by The Brigham & Women’s Hospital & The Harvard Humanitarian Initiative

Theme: Humanitarian Response to the Global Population Crisis

7:30 am  Registration and Coffee
8:00 am  Global Population: Humanitarian Health Perspectives  
            Michael J. VanRooyen, MD, MPH
8:30 am  Challenging Cases in Global Health, the Wilderness & Beyond: Lessons Learned from the Field  
            Timothy B. Erickson, MD & Michael J. VanRooyen, MD, MPH
9:30 am  Climate Change and Global Health  
            Sheryl Olson, RN, BSN, FAWM
10:20 am  Global Women’s Health: Awareness and Call to Action  
            Valerie Dobiesz, MD, MPH
11:10 am  Clean Water in a Contaminated World  
            Howard Donner, MD
12:00 pm  Lunch Break (Lunch is included)
1:00 pm  The Global Impact of Contaminated Water  
            Eric A. Weiss, MD
1:50 pm  Global Threats and Bioterrorism  
            Jeri Mendelson, MD
2:40 pm  Global Health & Humanitarian Medicine in the 21st Century  
            Phil Rasori, MD
3:30 pm  Cutting-Edge Humanitarian Medicine Articles That Will Change your Practice & Perspective  
            Timothy B. Erickson, MD & Michael J. VanRooyen, MD, MPH
4:00 pm  Panel Discussion - Avenues for Getting Involved in Global Health and Humanitarian Medicine: Individuals Making a Difference  
            V. Dobiesz, T. Erickson, M. VanRooyen, P. Rasori

Wednesday, May 29, 2019 | Santa Fe, NM

This optional workshop includes 8.0 additional AMA PRA Category 1 Credits™.

Humanitarian Medicine overlaps in a significant way with Wilderness Medicine because both involve rendering health care in remote or austere environments with minimal equipment. Learn ways to improve the effectiveness of humanitarian strategies for relief, protection, and prevention.

Global health plays an increasingly crucial role in global security. The symposium addresses critical global health threats and responses to some of the complex health issues that challenge us all.

This optional symposium which precedes the National Conference on Wilderness Medicine is Co-Sponsored by The Brigham & Women’s Hospital & The Harvard Humanitarian Initiative. It brings together several well-known authorities in Global Health and Humanitarian Medicine.

SYMPOSIUM CO-DIRECTORS

Michael J. VanRooyen, MD, MPH, FACEP: Director, Harvard Humanitarian Initiative; Director, Vice Chairman, Dept. of Emergency Medicine, Brigham and Women’s Hospital; Professor of Medicine, Harvard Medical School and Harvard School of Public Health.

Timothy B. Erickson, MD, FACEP, FACMT, FAAC: Chief, Division of Medical Toxicology, Department of Emergency Medicine, Brigham and Women’s Hospital; Harvard Medical School, Harvard Humanitarian Initiative.

The remainder of faculty listed on the faculty page.

Cost of symposium (includes lunch and 8.0 additional AMA PRA Category 1 Credits™) $150

All CME proceeds will go to aid the Shiprock Northern Navajo Medical Center.
A wide selection of hotel rooms and condominiums have been reserved for conference participants. Please make your reservation as early as possible – May and early June is “prime time” in Santa Fe. See each property below for how to make your group-rate reservation. Or, to book group-rates online visit wilderness-medicine.com.

**SANTA FE CONVENTION CENTER** – The conference will take place at the state-of-the-art environmentally friendly convention center located in the heart of Santa Fe.

**ELDORADO HOTEL** – Located adjacent to the Convention Center, only footsteps from the Plaza. Enjoy the charm of Santa Fe and the luxury of a grand hotel. Numerous amenities include the renowned Nidah Spa, rooftop pool, & fitness center. Special group room rate: $169/night. Make your reservation by calling the Eldorado at 1-800-955-4455 and using Group Code: 190523WILD.

**SANTA FE CONVENTION CENTER** – The conference will take place at the state-of-the-art environmentally friendly convention center located in the heart of Santa Fe.

**ELDORADO HOTEL** – Located adjacent to the Convention Center, only footsteps from the Plaza. Enjoy the charm of Santa Fe and the luxury of a grand hotel. **HOTEL SANTA FE** – Authentic flavor of Santa Fe and traditional Native American hospitality. Suites start at $149.

**ZONA ROSA** – These condominium units are a perfect choice for families or people looking for a kitchen facility. 2 bedroom rate: $299, 3 bedroom rate: $399.

**LAS PALOMAS DE SANTA FE** – Just three blocks from Santa Fe’s Historic Plaza, you will find the charm, elegance, and ambiance that makes this such a special place. Studio rates begin at $119.

For group-rate reservations at Hotel Santa Fe, Zona Rosa, and Las Palomas De Santa Fe, call the Hotel Santa Fe Group at 877-259-3409 or email stay@hotelsantafe.com, and identify yourself as a participant of the Wilderness Medicine Group.

**DRURY PLAZA HOTEL** – An upscale historic building steps from the plaza. Group rates include complimentary breakfast and happy hour. Rates start at $169. For reservations call 1-800-378-7946. Group Code: 2354125

**TRAVELING TO SANTA FE**

Albuquerque (ABQ) has excellent air service, is a short drive from Santa Fe, and is easy to fly to from any city in the USA. Flying directly to Santa Fe (SAF) is also possible. Wilderness Medicine has negotiated 2-5% discounts on airline fares, and 5-15% discounts on car rentals for our conference attendees. Please visit the travel page on our website for discount codes.

What a collection of expertise…where else could you learn so much, so well – in such a short period of time…I don’t know how you could improve… Thanks for a great week… 5 star!”

Donald Turner, MD (Fam. Practice), Dayton, OH
