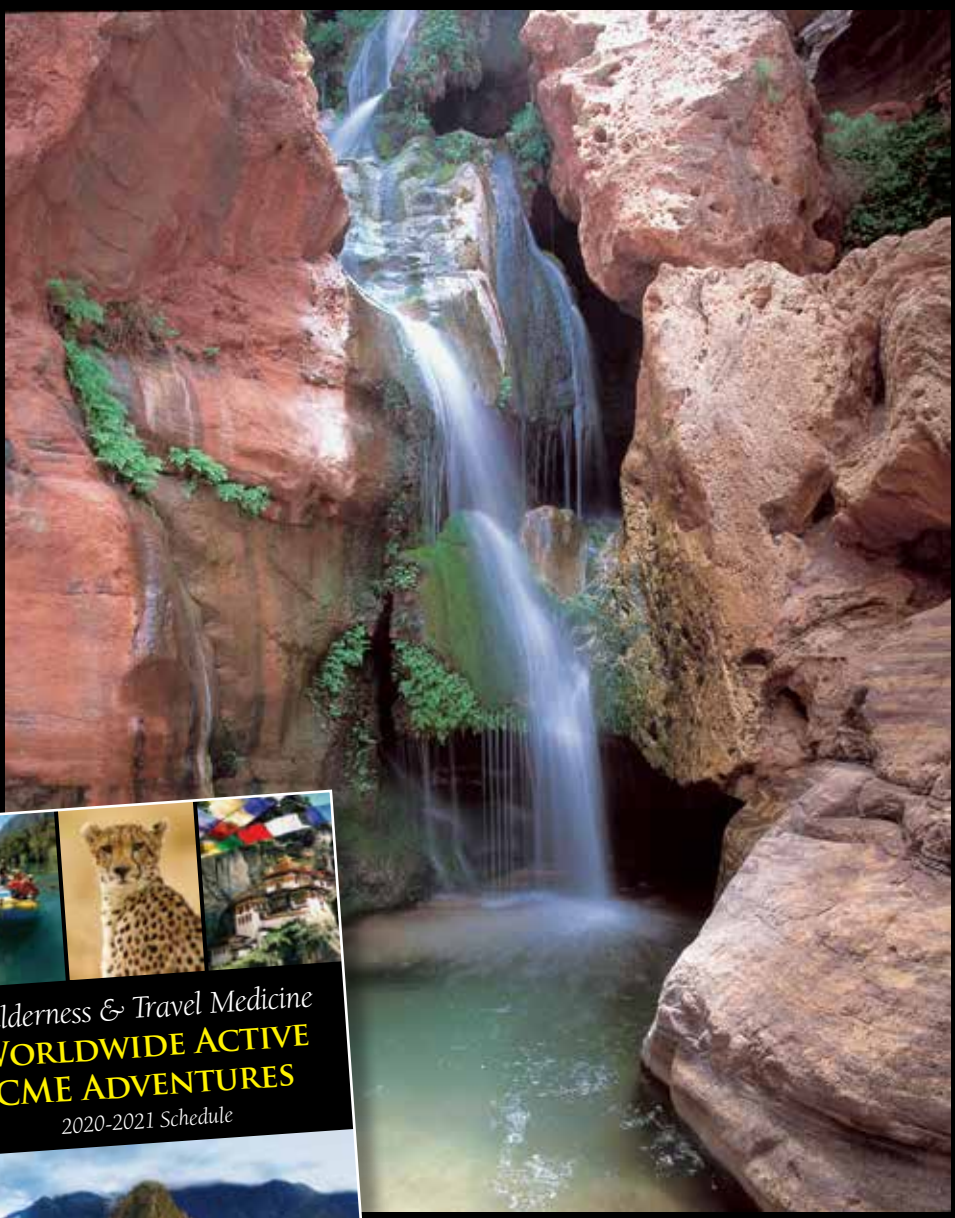
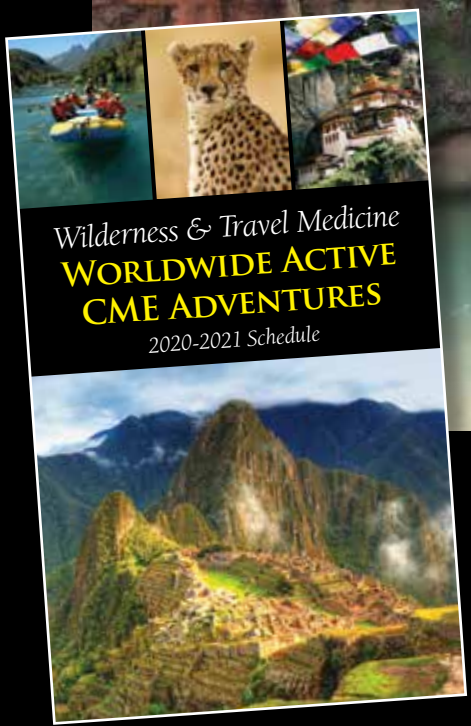
The National Conference on

Wilderness Medicine

SANTA FE

May 27 - May 31, 2020





Adventure Travel CME Brochure Inside

2020-2021 schedule

Welcome to Santa Fe

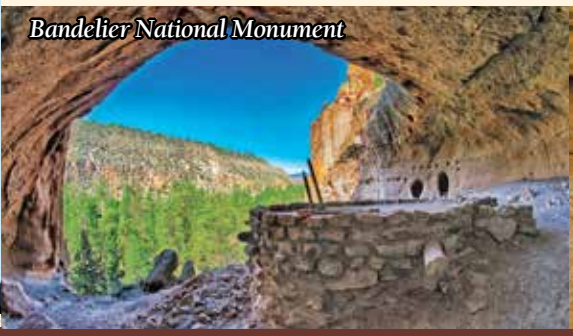
Santa Fe is unlike any other destination and, in fact, is nicknamed "The City Different." There is a colorful, international-style charm about Santa Fe that has attracted people for over 400 years. It is the oldest capital city in the United States and is unique in the blending of Native American, Hispanic, and Anglo cultures. The center of town is the Plaza, a tree-lined park surrounded by shops and historic churches, much like in traditional European cities.

SETTING/CLIMATE – Santa Fe is a place of enchanting beauty, set at 7,000 feet in the Rocky Mountain foothills. It has indescribable blue skies and boasts over 300 days of sunshine each year. As you experience its pure light and positive energy, you'll understand why this city has attracted so many artists over the years. Daytime temperatures range from 70-80ºF.

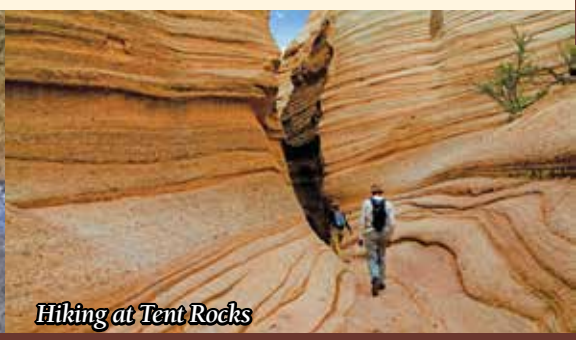
ART/FOOD/CULTURE – Despite its small population of 80,000 residents, Santa Fe overflows with world-renowned cuisine, art, and culture. Stroll the adobe-lined streets, featuring over 250 art galleries, countless restaurants, and notable music, theater, and dance performances. Santa Fe is also a city of museums, including the Georgia O'Keeffe Museum, the International Folk Art Museum, and several others that focus on indigenous history and culture.

SHOPPING – Santa Fe is a well-known shopper's paradise. Much of the merchandise is made locally, in Santa Fe and the Southwest, and includes art, specialty food products, clothing, jewelry, woven and leather goods, and pottery.

INDIAN PUEBLOS – Be sure to visit some of the nearby Indian Pueblos, which are among the oldest communities in America. Attend ceremonial dances, and experience the rich art and culture that has endured for several hundred years.



Bandelier National Monument



Hiking at Tent Rocks

Recreation Near Santa Fe

To enhance your experience during your week in Santa Fe, a variety of activities can be enjoyed individually or as a family. More information can be found at wilderness-medicine.com.

REGIONAL EXCURSIONS – Santa Fe is a natural base for excursions into northern New Mexico. The surrounding area is brimming with wilderness recreation and hundreds of sites from early American cultures — including Pecos National Historic Park, the Puye cliff dwellings, and Taos Pueblo (pictured).

RAFTING – The nearby Rio Grande provides the opportunity to raft through one of the deepest canyons in the world. Choose from fun class II-III rapids or more exciting class IV rapids on the famous "Taos Box."

HIKING – Located on the edge of one of the largest inactive volcanoes in the world, Bandelier National Monument hosts Anasazi (early Pueblo Indian) ruins and cliff dwellings situated along deep canyons and cliffs. The renowned Tent Rocks National Monument also offers stunning rock formations and scenery.

Welcome to the Land of Enchantment!

About Our World-Class Faculty

ERIC A. WEISS, MD, FACEP: Professor of Emergency Medicine (Emeritus), Stanford University School of Medicine, Founder and former Director, Stanford University Wilderness Medicine Fellowship; Author of *A Comprehensive Guide to Wilderness and Travel Medicine* and *Editor of Wilderness & Environmental Medicine in the 2017 Clinics of North America.*

VALERIE DOBIESZ, MD, MPH, FACEP: Director of External Programs: STRATUS Center for Medical Simulation, Department of Emergency Medicine, Brigham & Women's Hospital; Harvard Medical School, Harvard Humanitarian Initiative.

HOWARD J. DONNER, MD: Member 1997 NOVA Everest Expedition; NASA consultant; expedition physician, 1988 Kangchenjunga (28,121') Expedition; Medical Officer, Denali Medical Research Project; Co-author of *Field Guide to Wilderness Medicine*.

TIMOTHY B. ERICKSON, MD, FACEP, FACMT, FAACT: Chief, Division of Medical Toxicology, Department of Emergency Medicine, Brigham Health; Harvard Medical School, Harvard Humanitarian Initiative.

LANNY JOHNSON, FNP/PA: Medical advisor to Jackson Hole Ski Patrol and former medical advisor and climbing park ranger, Grand Teton National Park.

KATHLEEN KERRIGAN, MD: Assistant Professor of Emergency Medicine, University of Massachusetts School of Medicine - Baystate; Director of Simulation, Department of Emergency Medicine; Chair, Education Committee, Board of Directors and Executive Committee, Massachusetts College of Emergency Physicians; Co-founder, Special Deliveries LLC.

JERI MENDELSON, MD: Dermatologist, Medford, OR; Formerly Wildlife Biologist with Smithsonian in Thailand.

SHERYL OLSON, RN, BSN: Outdoor survival and navigation instructor; flight nurse; wilderness safety instructor; back-pack and adventure trip guide.

PHIL RASORI, MD: Medical Director of Village Hopecore International; travel medicine and global health consultant; formerly Assistant Clinical Professor of Medicine UCSF.

JOSEPH B. SERRA, MD: Founding Member of the Wilderness Medical Society; Orthopaedic Surgeon; 25-year member, National Ski Patrol; Rotary International to Africa.

MICHAEL J. VANROOYEN, MD, MPH, FACEP: Director, Harvard Humanitarian Initiative; Chairman, Dept. of Emergency Medicine, Brigham & Women's Hospital; Professor of Medicine, Harvard Medical School and Harvard School of Public Health.

KAREN B. VAN HOESEN, MD, FACEP: Professor of Emergency Medicine, Director, UCSD Diving Medicine Center and Dive Medicine Fellowship, University of California San Diego School of Medicine.

KYLE ALLRED, PA: Professional expedition and whitewater guide. Has guided extensively on five continents. Wilderness survival instructor and co-founder of MedCram.com and MedWild.com.

SKIP HORNER: First mountain guide to successfully lead climbers to the highest peaks on each of the earth's seven continents. Member of the first expeditions to descend several of the world's great whitewater rivers, including the Bio Bio and Zambezi rivers.

SCOTT KUIPERS: Wilderness Survival Skills Instructor; professional tracker and guide.

CARL GILMORE, WEMT: University of New Mexico Paramedic Instructor Coordinator; Wilderness Medicine Instructor.

GARY KIBBEE: Navy Seal; Special Forces Survival Instructor; swiftwater rescue, high angle rescue, and dive rescue instructor; specialist in tactical and wilderness medicine, escape and evasion, and confined space rescue.

PHILIP WHITE: Fire Chief (retired), South San Francisco Fire Department; Senior Fire Instructor and Instructor of Heavy Rescue (building collapse); Hazardous Materials specialist; CBRNE Project Manager, Bay Area Urban Security Initiative.

DORA KIBBEE, EMT: Survival Instructor specializing in children, teen and adult survival instruction and first aid; Specialist in International Relations and International Travel Safety.

ARI RASORI-ALLRED, FNP: International Guide on four continents. Travel Medicine and Global Health Instructor & Consultant.

Special Pre-Conference Workshops

WILDERNESS SURVIVAL "COME BACK ALIVE"

Wednesday, May 27 9:00 am – 4:00 pm

A dynamic hands-on survival training program that provides real skills and experience in a short time. Learn practical techniques and demo equipment to help you survive a wilderness emergency.

This exciting workshop is led by renowned expedition physician Howard Donner, MD and is conducted both in the classroom and outdoors at our local field site. Limited enrollment, register early!

Topics and experiences include:

- Building micro-survival kits
- Emergency shelter building
- Building fires & signaling
- Pros & cons of new technology
- Improvisation skills

Howard Donner, MD
World renowned Expedition physician

Howard Donner, MD and Kyle Allred, PA **$135**

MAP AND COMPASS NAVIGATION ESSENTIALS:

Wednesday, May 27 1:00 pm – 4:30 pm

Become confident in orienteering! Hands-on training in direction finding, detailed map reading, plotting routes, and calculating the slope of terrain. A variety of activities improve planning skills and navigation accuracy. All equipment provided.

Sheryl Olson, RN, BSN **$75**

PRACTICAL WILDERNESS MEDICINE SKILLS

Wednesday, May 27 9:00 am – 4:30 pm

This intensive and fast-paced workshop will include:

- Assessment tips for the wilderness medical provider
- Improvised evacuation / litter packaging
- Small group rescue techniques
- Field management of spine injuries
- Improvised splinting, and much more

Includes critiqued skills, scenario practice, and all equipment.

Carl Gilmore, WEMT **$135**

The Program

Wednesday, May 27, 2020

4:30-7:30 pm	**Registration**
7:00 pm	**Wilderness Medicine: Setting the Stage** *Kyle Allred, PA*
7:15 pm	**Planning a Medical Kit - What to Pack for Adventures From The Tundra to the Tropics** *Howard Donner, MD*
8:15 pm	**New Frontiers in Humanitarian and Disaster Relief Medicine** (Guests Welcome) *Michael J. VanRooyen, MD*

Thursday, May 28, 2020

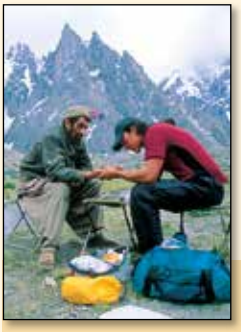
6:30 am	**Late Registration / Breakfast / Exhibits**
7:30 am	**Wilderness Survival: Strategies for an Unplanned Night Out** *Gary Kibbee*
8:20 am	**"Is There A Doctor On Board?" Tips for Providing Care on Commercial Flights** *Howard Donner, MD*
8:50 am	**Spiders & Insects: Managing Bites, Stings, & Envenomations** *Timothy B. Erickson, MD*
9:40 am	**Break**
9:55 am	**International Travel - Prepare & Stay Healthy in the Developing World** *Michael J. VanRooyen, MD*
10:45 am	**Floods, Rivers, & Streams: Safety, Medicine, & Rescue Highlights** *Kyle Allred, PA*

11:15 am	**Foot Blisters - Optimizing Prevention & Treatment** *Kyle Allred, PA*
11:45 am	**Medical-Legal Issues in Wilderness, Disaster, & International Medicine - How Are You Protected?** *Valerie Dobiesz, MD*
12:30 pm	**Free Time - Enjoy Santa Fe (see recreation) or Attend an Optional Workshop**
7:00 pm	**Wild Animal Attacks - Patterns & Prevention** *Timothy B. Erickson, MD* (Guests Welcome)
8:00 pm	**Dessert Reception**

The Program

Friday, May 29, 2020

6:30 am	**Breakfast / Exhibits**
7:30 am	**Wilderness Dermatology - Key Findings & Prevention** *Jeri Mendelson, MD*
8:15 am	**Snake Envenomations - Prevention & Advances in Treatment** *Timothy B. Erickson, MD*
9:05 am	**Improvised Trauma Care in Remote Environments** *Eric A. Weiss, MD*
9:50 am	**Break**
10:05 am	**Lyme & Other Tick-Borne Diseases** *Jeri Mendelson, MD*
10:50 am	**Hypothermia: New Recommendations & Field Treatment** *Eric A. Weiss, MD*



11:35 am	**Fracture & Dislocation Management in The Wilderness Setting** *Joseph B. Serra, MD*
12:30 pm	**Free Time - Enjoy Santa Fe or Attend an Optional Workshop**
7:30 pm	**SCUBA Diving - Hazards & Treatment Updates** *Karen Van Hoesen, MD*
8:15 pm	**Foot Fangs & Anopheles: Speed Bumps on the Road to Adventure** (Guests Welcome) *Skip Horner*

Saturday, May 30, 2020

6:30 am	**Breakfast / Exhibits**
7:30 am	**Malaria, Dengue, & Other Mosquito-Borne Diseases** *Phil Rasori, MD*
8:20 am	**Environmental Heat Emergencies** *Eric Weiss, MD*
8:55 am	**Traveler's Diarrhea, Giardia, & Other Waterborne Infections** *Phil Rasori, MD*

"Extraordinary conference... most enjoyable learning experience I have ever encountered."
Joseph Easle, MD

9:45 am	**Break**
10:00 am	**Altitude Illness - Advances in Prevention & Treatment** *Howard Donner, MD*
10:50 am	**Dangerous Sea Creatures & Shark Attacks** *Karen Van Hoesen, MD*

11:40 am	**Wilderness 911: Mountain Search & Rescue** *Lanny Johnson, FNP/PA*
12:30 pm	**Free Time - Enjoy Santa Fe or Attend an Optional Workshop**
7:30 pm	**The Rooftops of the World - Guiding Everest & The Seven Summits** (Guests Welcome) *Skip Horner*

All presentations will be at the Santa Fe Convention Center.
Time, topics and speakers may vary somewhat from published brochure and syllabus.

Sunday, May 31, 2020 Concurrent Sessions

8:00 am - 12:00 pm *Attend four different one-hour sessions of your choice! The concurrent sessions (listed below) are included in your conference tuition and do not require pre-registration.*

1 **FROSTBITE & COLD INJURY - PREVENTION & FIELD TREATMENT:** A review of a spectrum of cold-related injuries including frostnip, chilblains, Raynaud's, and frostbite. *Howard Donner, MD*

2 **"STAYING FOUND" UPDATE ON CURRENT RESCUE TECHNOLOGY:** Life-saving technologies for communication and signaling for help in remote environments. *Howard Donner, MD*

3 **OCEAN SURVIVAL:** Survival at sea requires a set of skills and equipment often not familiar to the land-based survivalist. Learn about possible scenarios, preparation, & equipment. *Sheryl Olson, RN*

4 **FRACTURE, SPRAINS & DISLOCATION MANAGEMENT:** Methods for recognizing, reducing, and splinting fractures and dislocations in the backcountry will be demonstrated. *Joseph B. Serra, MD*

5 **HANDS-ON ASSESSMENT OF COMMON WILDERNESS INJURIES OF THE LEG:** Learn techniques for the assessment and stabilization of common injuries of the knee and ankle. *Lanny Johnson, FNP/PA*

6 **BACKCOUNTRY WATER DISINFECTION:** A review of chemical, filtration, and natural water disinfection techniques. Important for health care professionals in wilderness environments and the developing world. *Howard Donner, MD*

7 **THE THAI CAVE & CONFINED SPACE RESCUE:** Cave and other confined spaces are some of the most challenging environments for rescuers. A US Navy Seal expert in confined space and dive rescue will discuss the training, special equipment, and operational challenges of rescues in a subterranean environment. *Gary Kibbee*

8 **LIGHTNING STRIKES! PREVENTION, TREATMENT, & UPDATES:** Many myths and misconceptions exist about lightning. Learn how to lessen your chances of being struck and how to treat lightning injuries. *Sheryl Olson, RN*

9 **ASSESSMENT AND IMPROVISED TREATMENT AND PACKAGING OF TRAUMA PATIENTS:** Practice utilizing improvised and specialized rescue equipment to splint, stabilize, and transport trauma patients. *Carl Gilmore, WEMT*

10 **WILDERNESS WISDOM FOR WOMEN:** In the backcountry, women often have different needs and concerns than men. Learn strategies for packing light, personal safety, and other unique needs of a woman. *Sheryl Olson, RN*

11 **TAKING CHILDREN SAFELY INTO THE WILDERNESS:** Learn how to maximize enjoyment, appreciation, and safety of family on adventure trips. *Karen Van Hoesen, MD*

12 **HELP! HELICOPTER SAFETY, MANAGEMENT, & RISK ASSESSMENT:** A former flight nurse covers what you should know about helicopters before calling for one. Learn ways to maximize the effectiveness & safety of air transport. *Sheryl Olson, RN*

13 **SURVIVAL STRATEGIES FOR THE ADVENTURE TRAVELER:** Learn what to do if you're caught in a fire, hijacked airplane, lose your passport, and more. *Philip White*

14 **AVALANCHE SURVIVAL, SAFETY, & RESCUE:** Learn strategies to minimize risk in avalanche terrain and recognize dangerous conditions. Includes details on state-of-the-art equipment. *Lanny Johnson, FNP/PA*

Program Objectives

- Identify prevention and treatment of altitude illness based on an understanding of the underlying physiology
- Recognize and properly manage frostbite in the field
- Identify and treat hypothermia in the field
- Identify fracture and dislocation in the wilderness
- Identify the pathophysiology and treatment of heat-related illness

Target Audience:

Primary care physicians, nurses, physician assistants, and other health care providers who might encounter patients in remote settings or who may treat patients that develop medical problems after visiting remote areas. No outside commercial support has been received for this activity.

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Center for Emergency Medical Education (CEME) and Wilderness and Travel Medicine, LLC. The Center for Emergency Medical Education (CEME) is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation: The Center for Emergency Medical Education (CEME) designates this live activity for a maximum of 46.50 *AMA PRA Category 1 Credits™*. Main conference earns 23 credits; Optional AWEP course earns 15.5 credits; Wound Management earns 2 credits; OB workshop earns 2 credits and Global Health earns 8. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is anticipated to offer up to 46.5 hours of AOA Category 2-A CME credit, pending approval by the AOA.

ACEP: Approved by the American College of Emergency Physicians for up to 46.50 hour(s) of ACEP Category I credit.

AAFP: This Live activity, National Conference on Wilderness Medicine - Santa Fe, with a beginning date of 05/27/2020, has been reviewed and is acceptable for up to 46.50 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurse Credit: Under the new BRN guidelines, this course is also accredited for up to 46.5 hours of nursing credit.

Physician Assistants: The American Association of Physician Assistants accepts Category 1 CME approval from organizations accredited by the ACCME.

Optional "Hands-On" Workshops

The optional workshops listed below are offered in conjunction with the conference to enhance your experience. Please note that these workshops are separate from the course workshops which are included in your tuition on Sunday, May 31.

URBAN & TRAVEL SURVIVAL
Thursday, May 28, 1:30 - 5:30 p.m., $75
You have just lost all of your belongings and your passport in an earthquake or act of terrorism. Your hotel was destroyed, and your companion is missing. Few Americans are prepared to cope with this type of crisis. Learn how to travel safely and protect yourself. *Gary Kibbee and Philip White*

ROPES & KNOTS FOR WILDERNESS MEDICINE & RESCUE
Thursday, May 28, 1:30 - 3:30 p.m., $60
Learn how to use ropes and tie knots for high angle rescue, swift water rescue, and improvised medical care. *Carl Gilmore, WEMT*

TRACKING WORKSHOP
Thursday, May 28 or Sat., May 30, 1:00 - 4:30 p.m., $75
Learn the lost art of tracking and the ability to notice subtle disturbances in the environment left behind by others (called "sign cutting"). These skills are fun to learn and can be life-saving — for finding lost persons and getting yourself out of trouble. *Scott Kuipers*

OBSTETRICS IN REMOTE ENVIRONMENTS
Thursday, May 28, 2:00 - 4:00 p.m., $75
Using mannequin-based simulation, learn and practice management of normal and complicated deliveries in remote settings, including shoulder dystocia, breech delivery, postpartum hemorrhage, and multiple gestation. 2 additional *AMA PRA Category 1 Credits™*.
Valerie Dobiesz, MD and Kathleen Kerrigan, MD

WILDERNESS SURVIVAL
Friday, May 29, 1:30 - 5:30 p.m., $75
This workshop is a hands-on skill-building experience. Learn how to construct shelters, obtain food and water, build fires with primitive tools, signal, track, route-find, and create survival kits. *Gary Kibbee and Scott Kuipers*

PRACTICAL WILDERNESS MEDICINE SKILLS
Friday, May 29 or Saturday, May 30, 1:30 - 3:30 p.m., $60
Learn the art and skills necessary to perform effective backcountry assessment of an injured patient. Practice improvised splinting techniques using materials commonly found in the backcountry, along with packaging and transportation skills. *Carl Gilmore, WEMT*

WILDERNESS WOUND MANAGEMENT
Saturday, May 30, 3:30 - 5:30 p.m., $75
A practical workshop on cleaning and suturing a laceration in a non-sterile environment. Participants will practice suturing, stapling, taping, and tissue gluing techniques on pig limbs. All supplies provided. 2 additional *AMA PRA Category 1 Credits™*. *Lanny Johnson PA-C*

HUMANITARIAN MEDICINE - VOLUNTEERING AND STAYING HEALTHY ABROAD
Saturday, May 30, 1:30 - 4:00 p.m., $60
Explore the possibilities of using your medical degree to volunteer abroad! Learn skills and resources to implement and participate in humanitarian medicine.
Phil Rasori, MD and Ari Rasori-Allred, FNP

SURVIVAL, DISASTER, & RESCUE SCENARIOS WORKSHOP
Saturday, May 30, 1:30 - 5:30 p.m., $75
Take your survival and problem solving skills to the next level! Many emergency situations occur without warning and require an innovative response. Learn to quickly assess your circumstances and develop an action plan with your available resources. Then, work through a series of survival scenarios while the instructors provide valuable training and feedback. *Gary Kibbee and Philip White*

Children & Teens Workshops

SURVIVAL FOR KIDS
Friday, May 29, 8:30 - 11:30 a.m., $70
An educational workshop designed for children to provide a positive, fun, and rewarding experience. Children will practice a variety of skills including staying warm, signaling, avoiding getting lost, and building improvised shelters. (Ages 6-11)

WILDERNESS FIRST AID FOR KIDS
Saturday, May 30, 8:30 - 11:30 a.m., $75
Children can make a difference or even save a life if they know first aid. Children will learn to recognize and manage common medical problems and emergencies. Tuition includes a first aid kit for children and course certificate. (Ages 7-11)

SURVIVAL FOR TEENS
Thursday, May 28, 1:00 - 4:00 p.m., $70
This course is designed to teach older children how to navigate safely, avoid getting lost in the backcountry, build improvised shelters and fires, find food, and survive an unexpected night out. (Ages 12 and up)

SURVIVING INTERNATIONAL TRAVEL & STUDY ABROAD
Saturday, May 30, 1:00 - 4:00 p.m., $70
Many students travel abroad during high school and college, and many leave the U.S. without adequate preparation. This interactive course will teach important lessons on preparing for foreign travel, situational awareness, lost passports, communication, and how to cope with a crisis or emergency. (Ages 12 and up)

WILDERNESS FIRST AID FOR TEENS
Friday, May 29, 1:30 - 5:30 p.m., $75
This exciting hands-on course is designed to teach young adults how to take care of themselves and others in an emergency. Tuition includes a first aid kit. (Ages 12 and up)

Harvard Humanitarian Initiative

Optional Pre-conference:

GLOBAL HEALTH & HUMANITARIAN MEDICINE SYMPOSIUM

Theme: Humanitarian Response to Global Trauma and Injury

Wednesday, May 27, 2020 | Santa Fe, NM

This optional workshop includes 8.0 additional AMA PRA Category 1 Credits™.

Humanitarian Medicine overlaps in a significant way with Wilderness Medicine because both involve rendering health care in remote or austere environments with minimal equipment. Learn ways to improve the effectiveness of humanitarian strategies for relief, protection, and prevention.

Global health plays an increasingly crucial role in global security. The symposium addresses critical global health threats and responses to some of the complex health issues that challenge us all.

This optional symposium which precedes the National Conference on Wilderness Medicine is **Co-Sponsored by The Brigham & Women's Hospital & The Harvard Humanitarian Initiative**. It brings together several well-known authorities in Global Health and Humanitarian Medicine.

8:00 am	**Global Trauma and Injury: Humanitarian Health Perspectives** *Michael VanRooyen, MD, MPH*
8:30 am	**Challenging Cases in Global Health, the Wilderness & Beyond: Lessons Learned From the Field** *Timothy B. Erickson, MD & Michael VanRooyen, MD, MPH*
9:30 am	**Traumatic Impacts of Climate Change on Global Health - What Can We Do?** *Sheryl Olson, RN*
10:20 am	**Global Women's Health: Awareness and Call to Action** *Valerie Dobiesz, MD, MPH*
11:10 am	**Clean Water in a Contaminated World** *Howard Donner, MD*
12:00 pm	**Lunch Break**
1:00 pm	**Updates in Global Threats and Bioterrorism** *Jeri Mendelson, MD*
1:50 pm	**Global Health & Humanitarian Medicine in the 21st Century** *Phil Rasori, MD*
2:40 pm	**Cutting-Edge Humanitarian Medicine Articles That Will Change Your Practice & Perspective** *Michael VanRooyen, MD, MPH & Timothy B. Erickson, MD*
3:30 pm	**International Medical Volunteering - Ways to Get Involved & Commonly Asked Questions** *Ariane Rasori, NP*
4:00 pm	**Panel Discussion - Avenues and Opportunities in Global Health and Humanitarian Medicine: Individuals Making a Difference** *V Dobiesz, T Erickson, M VanRooyen, P Rasori, A Rasori*

Cost of symposium: $150 (includes lunch and 8.0 additional AMA PRA Category 1 Credits™)
All CME proceeds donated to The Navajo Area Indian Health Service *(with the BWH Outreach Program)*

AWEP CERTIFICATION COURSE

Advanced Wilderness & Expedition Provider

Optional Course leading to AWEP Certification®

Advanced level intensive and hands-on training taught by leaders in Wilderness Medicine including Howard Donner, MD & Sheryl Olson, RN. Students will learn practical techniques and practice them in mock scenarios. Successful completion of course leads to AWEP Certification™.

Thur,	**1:30 – 5:30 pm**	**Fri,**	**1:30 – 5:30 pm**
Sat,	**1:30 – 5:30 pm**	**Sun,**	**1:30 – 6:30 pm**

Course tuition: $545

Includes 15.5 additional AMA PRA Category 1 Credits™

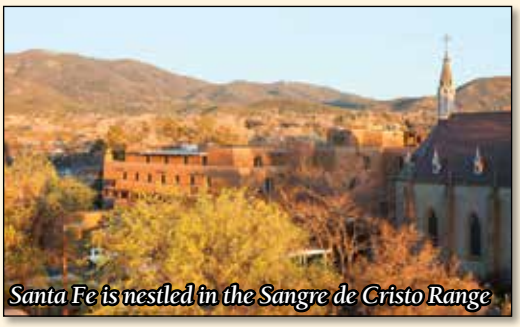
ADVANCED WILDERNESS EXPEDITION PROVIDER

Accommodations

A wide selection of hotel rooms with special group rates have been reserved for conference participants. Please make your reservation as early as possible – May is "prime time" in Santa Fe.

Make your reservation at wilderness-medicine.com or by contacting the hotel and referencing the group code listed.

SANTA FE CONVENTION CENTER – The conference will take place at the state-of-the-art and environmentally friendly convention center located in the heart of Santa Fe.



Santa Fe is nestled in the Sangre de Cristo Range

ELDORADO HOTEL – Located adjacent to the Convention Center and only steps from the Plaza. Enjoy the charm of Santa Fe and the luxury of a grand hotel. Numerous amenities include the Nidah Spa, rooftop pool, & fitness center. Special rate: $169/night. Book online or call 1-800-955-4455 and reference group code: 200522WILD.

HOTEL ST. FRANCIS – Located one block from the Plaza, and three blocks from the Convention Center, this historic hotel embodies the authentic spirit of Santa Fe. The décor features handcrafted wood furniture by local artisans. Discounted room rates from $129. Book online or call 1-800-529-5700 and reference "Wilderness Medicine Conference."

HILTON HOTEL – Two blocks from the Convention Center and the Plaza, the Hilton is within walking distance of amazing cultural attractions & restaurants. Special room rate: $169. Book online or call 505-988-2811 and reference "Wilderness Medicine Conference."

Traveling to Santa Fe

Albuquerque (ABQ) is a short drive or shuttle from Santa Fe and is easy to fly to from any city in the USA (and offers numerous direct flights). Flying directly to Santa Fe (SAF) is also possible.

Wilderness Medicine has negotiated discounts on airline fares and car rentals for conference attendees. Visit the travel page on our website for discount codes.
